SUMMARY

Highly motivated, with a passion to design and develop. Skilled at listening and gathering information. Excellent at research and problems solving. I want to work as a front-end web developer where I could create great web-sites and elevate user experience to the next level. I primarily focus on writing clean, elegant and efficient code. Knowledge of HTML5, CSS3, Less, JavaScript, jQuery, Gulp, Git, Vue.js Bootstrap, Materialize, Wordpress. I really want to be useful for your team.
